

QUICK RESPONSE. EXCEPTIONAL SERVICE.

POYAM | ORBIT | NEWCO | DOUGLAS CHERO | DSI | ATOMAC | DURCO | L&T | XANIK

QRC Valve Distributors is a master distributor of downstream industrial valves and actuation. We support the energy and industrial markets by being customer driven and differentiating ourselves through extensive product availability, quality brands, technical support, and customer service.

As a master distributor, QRC does not sell directly to end-users, however, we provide technical support for the engineered product lines we carry. We also offer in-house and outsourced modification services.

ORBIT

ORBIT is the valve of choice for critical service applications where zero leakage is essential. As a master distributor for Cameron's ORBIT line, QRC Valves carries the largest inventory of factory-new ORBIT valves and actuators in North America.

Size Range:	1" to 12"
Pressure Classes:	ANSI 150 to 1500
Materials:	WCC and LCC
Trim:	Standard, NACE, Hi-Temp, Ammonia, Block & Bleed Seat
Actuation:	Double Acting & Spring Close

**Other sizes and materials available upon request*

NEWCO

NEWCO and DOUGLAS-CHERO are two quality valve brands manufactured by Cameron. Cameron, a Schlumberger company, is a global provider of pressure and flow control products.

QRC Valves is Cameron's largest North American master distributor for NEWCO and DOUGLAS-CHERO cast and forged gate, globe, and check valves.

Size Range:	1/4" to 36"
Pressure Classes:	ANSI 150 to 2500
Available in WCB, LCC, Special Forged Alloys	

DSI cast steel valves have been satisfying the needs of petroleum refineries, chemical processing plants, power generating plants, and other processing facilities throughout the world. QRC Valves now stocks DSI gate, globe, and check valves.

Size Range: 2" - 36"

Pressure Classes: ANSI 150 to 1500

Available in WCB, LCC

**Other sizes and materials available upon request*

AMPO is an international leader in the design and manufacture of stainless steel and high alloy castings, as well as highly engineered valves for the most severe service applications and industries. POYAM valves are well-known worldwide, with a reputation for reliability and high quality, and AMPO is committed to offering products and services under the most stringent quality processes in the market.

Size Range: 2" - 24"

Pressure Classes: ANSI 150 to 600

Available in Stainless Steel

FLOWSERVE™

ATOMAC & DURCO LINED PRODUCTS

Flowserve is the world's leader in the design and manufacture of corrosion resistant fluoropolymer lined valves and ancillary products. Atomac and Durco valves provide bubble-tight shutoff, low maintenance, no-leak stem seals and the safety assurance of a blowout proof stem assembly.

Size Range: 1/2" to 12"
Pressure Classes: ANSI 150/300

PFA lined

**Other sizes and materials available upon request*

DURCO TRIPLE OFFSET BUTTERFLY VALVE

The Durco TX3 butterfly valve offers excellent shutoff capabilities with the low torque and reduced wear benefits of a triple offset design. The precision seat and seal are machined at an offset angle, creating even seat loading around the entire seat ring and eliminating rubbing between the seat and seal during opening and throttling. Combined with its laminated seal ring, the Durco TX3 valve's triple offset design provides long-lasting, bi-directional, bubble-tight shutoff, even in gas applications.

Size Range: 3" to 24"
Pressure Classes: ANSI 150/300/600

NACE Compliant

**Other sizes and materials available upon request*

xanik.

Xanik valves are manufactured by Xanor de México, a worldwide leader in manufacturing of high quality critical service valves products.

QRC Valves is the exclusive master distributor for Xanik pressure seal gate, globe, and check valves; including tilting disc.

Size Range: 2" - 10"

Pressure Classes: ANSI 600 to 2500

Available in WCB, WC6, WC9, C12A

**Other sizes and materials available upon request*

L&T Valves is a subsidiary of Larsen & Toubro. L&T Valves has a major presence in the global flow-control domain with manufacturing operations in USA, Saudi Arabia, and India.

QRC Valves is the North American master distributor for L&T cast stainless gate, globe, and check valves.

Size Range:

2" to 64"

Pressure Classes:

ANSI 150 to 2500

Available in WCB, LCC, Stainless Steel,
& Alloy Steels

With six stocking locations spanned across the US and Canada, we maintain a vast inventory of factory-new, readily available products to meet applications requirements common to the markets we serve.
