

QRC Valve Distributors is a Master Distributor of downstream industrial valves and actuation.

We support the energy and industrial markets by being customer driven and differentiating ourselves through extensive product availability, quality brands, technical support, and best-in-class customer service.

As a Master Distributor, QRC does not sell directly to end-users;

however, we provide technical support for the engineered product lines we carry.

## ORBIT RISING STEM BALL VALVES, ACTUATION & SPARE PARTS

ORBIT is the valve of choice for critical service applications where zero leakage is essential. As a master distributor for Cameron's ORBIT product line, QRC Valves carries the largest inventory of factory-new ORBIT valves, actuators, and spare parts in North America, allowing us to be a single source for complete automation packages.

**Size Range:**

1" to 12"

**Pressure Classes:**

ANSI 150 to 1500

**Materials:**

WCC and LCC

**Trims:**

Standard, NACE, Hi-Temp,  
Ammonia, Block & Bleed Seat

**Actuators:**

Double Acting & Spring Close

\*Other sizes and materials available upon request

QRC Valves is the exclusive distributor for Newco forged gate, globe, and check valves.

Newco forged valves are manufactured in Italy.

**Size Range:** 1/4" to 2"

**Pressure Classes:** ANSI 150 to 2500

**Materials:** A105, LF2, Special Forged Alloys

\*Other sizes and materials available upon request

DSI cast steel valves have been satisfying the needs of petroleum refineries, chemical processing plants, power generating plants, and other processing facilities throughout the world. QRC Valves proudly stocks DSI gate, globe, and check valves.

**Size Range:**

2" to 36"

**Pressure Classes:**

ANSI 150 to 1500

**Materials:**

WCB and LCC

\*Other sizes and materials available upon request

AMPO is an international leader in the design and manufacture of stainless steel and high alloy castings, as well as highly engineered valves for the most severe service applications and industries. POYAM valves are well-known worldwide, with a reputation for reliability and high quality. AMPO is committed to offering products and services under the most stringent quality processes in the market.

**Size Range:**

2" to 24"

**Pressure Classes:**

ANSI 150 to 600

**Materials:**

Stainless Steel

\*Other sizes and materials available upon request

## ATOMAC & DURCO LINED PRODUCTS

Flowserve is the world's leader in the design and manufacture of corrosion resistant fluoropolymer lined valves and ancillary products. Atomac and Durco valves provide bubble-tight shutoff, low maintenance, no-leak stem seals and the safety assurance of a blowout proof stem assembly.

Size Range:

1/2" to 12"

Pressure Classes:

ANSI 150/300

PFA lined

\*Other sizes and materials available upon request

**Check Valves, Sight Glasses & Strainers in Stock!**

## DURCO TRIPLE OFFSET BUTTERFLY VALVES

The Durco TX3 butterfly valve offers excellent shutoff capabilities with the low torque and reduced wear benefits of a triple offset design. The precision seat and seal are machined at an offset angle, creating even seat loading and eliminating seat and seal rubbing. Combined with its laminated seal ring, this valve's design provides long-lasting, bi-directional, bubble-tight shutoff.

Size Range:

3" to 24"

Pressure Classes:

ANSI 150/300/600

Materials:

WCB and Stainless Steel

NACE Compliant

\*Other sizes and materials available upon request

Chaoda's cast steel valves are the industry's trusted choice for ensuring fluid control in even the most demanding environments. Chaoda valves are built to stand the test of time, thanks to their robust construction and superior materials, offering exceptional durability and longevity. QRC Valves is the sole North American distributor for Chaoda's cast steel gate, globe, and check valves.

**Size Range:** 2" to 24"

**Pressure Classes:** ANSI 150/300

**Materials:** WCB and Stainless Steel

*\*Other sizes and materials available upon request*

Xanik valves are manufactured by Xanor de México, a worldwide leader in manufacturing of high quality critical service valves products. QRC Valves is the exclusive master distributor for Xanik pressure seal gate, globe, and check valves; including tilting disc.

**Size Range:** 2" to 10"

**Pressure Classes:** ANSI 600 to 2500

**Materials:** WCB, WC6, WC9, C12A

*\*Other sizes and materials available upon request*

With five stocking locations spanned across the US and Canada, we maintain a vast inventory of factory-new, readily available valves, actuators, spare parts, and ancillary products to meet applications requirements common to the markets we serve.

We also provide modification services to suit your needs.
